PROFESSIONAL BLACK CLAYS

PF 660 Black Chunky.

Black Chunky Sculpture Clay has a beautiful texture and is excellent for big sculptures and murals. It is a strong body with very low shrinkage, good for building rugged sculptural forms. Its robust nature also makes it ideal for architectural ceramics. PF 660 is the clay for everything from large slabs to sculptural works. Firing 1080°C - 1260°C.

PF 670 Smooth Textured Black.

Smooth Textured Black is good for sculptures, hand building or large thrown pieces. This clay has been specially formulated to fire between 1080°C - 1260°C with very low shrinkage. Its attractive colour and texture give PF 670 a very distinctive character.

PF 680 Smooth Black.

Smooth Black contains a fine grog which gives a close texture to the body and a fine surface to finished pieces. This smooth finish should appeal to hand builders or sculptors who produce tiles and relief panels or ceramic murals. PF 680 has been formulated to fire between 1080°C - 1260°C.
