## Peter Beard Clay Body PF510

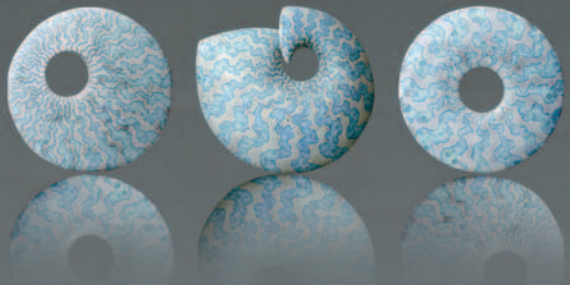

Every pot crafted by Peter Beard bears testament to his unique talent. Admired throughout the ceramic art world, his work comprises a mixture of hand built and thrown pieces.

Although Peter had used Valentine Clays for many years, no single clay existed that was suitable for his requirements.

In order to overcome this problem the research and development team at Valentine Clays and Scarva Pottery Supplies managed to develop a universal clay that facilitates any shape and scale of work produced by Peter:

Its white firing colour has the advantage of allowing crisp and bright glazes to be used to their best advantage.

Valentine Clays Ltd  
Manufactured in the Heart of the Potteries...
